Where will your money go? SSORA operates from Public Grant funds and private donations. Private donations allow us to leverage more public funds by creating a 1:1 match. Funds are used to develop outreach and educational materials; consult with OHV groups; organize events; and work with land managers and other government representatives to develop new and maintain existing access to OUR Public Lands. Silver State Off-Road Alliance is a 501(c)(4) non-profit. Consult your accountant regarding whether your donation is tax deductible.
